

Product Name:MQ-4 MQ4 Methane Gas Sensor Natural Coal
CO Sensor Methane Gas Detector Module

Product Description:

- 1.Using high-quality dual-panel design, with power indicator and TTL signal output instructions.
- 2.The switching signal having a DO (TTL) output and analog output AO.
- 3.TTL output valid signal is low . (Low-level signal when the output light can be directly connected to the microcontroller or relay module).
- 4.The higher the voltage , the concentration of the analog output voltage is higher.
- 5.For methane, natural gas has a good detection sensitivity.
- 6.There are four screw holes for easy positioning.
- 7.Dimensions : 32 (L) * 20 (W) * 22 (H).
- 8.Rapid response and recovery characteristics.

Package Included

Packing List	Qty
MQ-4 MQ4 Methane Gas Sensor	1
