

Ultrasonic Ranging Module RCWL-9623 RCWL-1605 Ultrasonic Sensor

Description:

Support GPIO,UART,IIC and 1-WIRE multiple output modes,the default output mode is compatible with HC-SR04

Specification:

- 1.Weight:27g
- 2.MOQ:10PCS
- 3.Color:As picture
- 4.Working voltage:2.8-5V
- 5.Working current:2mA
- 6.Period:50mS
- 7.Material:PCB
- 8.Size:20x20mm
- 9.Application:Toys,robot obstacle avoidance,liquid level,water level measurement,other varying applications
- 10.Condition:100%

Package Including:

- 1 * RCWL-1605 Ultrasonic Sensor
